We ❤ MARINERS!

MARINE CITY HIGH SCHOOL  
1085 WARD STREET

MARINE CITY, MICHIGAN 48036

*Lovin' Every Minute of It*

ABOVE: Giving his all in the tug o' war is Fred Winzer.

TOP RIGHT: Toga Day is a time for Heidi Meyer, Lisa Fausone, Eric Camp, and Diane Styk to show their senior Mariner spirit.

RIGHT: The pie-eating competition gives Mike White, Sean Fournier, and Sarah Arnold a chance to show their true appetites.

One can sense the enthusiasm in the air. Games, contests, and assemblies are all part of the fun and excitement during spirit week at Marine City High School.

This year's spirit week was a great success. It began with the window painting competition. Snow-white, Mickey Mouse, Donald Duck, Winnie-the-pooh, and Bambi began to appear as the Disney theme came into focus on the hall windows. Each class was judged on six windows which they designed and painted.

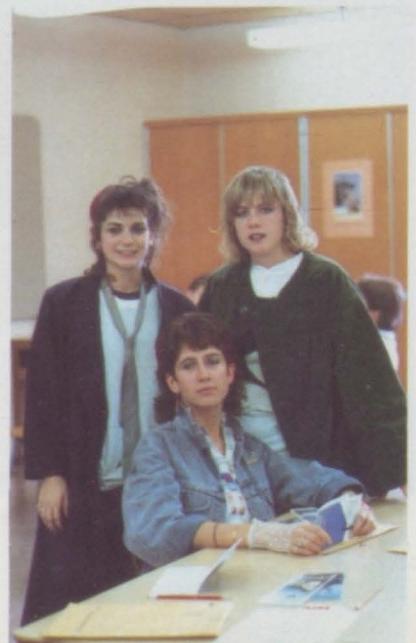

Next came the Spirit Days. This is the time students get to show their Mariner spirit by dressing punk, bee-bop, or in a toga.

Finally, as the enthusiasm peaked, we had our Homecoming assembly. This assembly consists of the crowning of the court, a performance by the cheerleaders, and competitive games between the grades. Spirit week is a fun way of challenging other grades in the test of Mariner spirit.

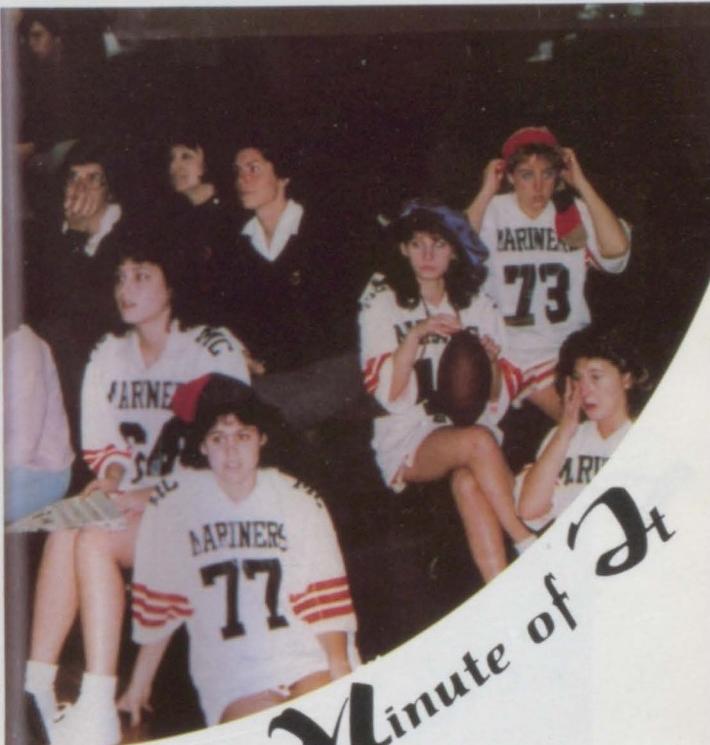

RIGHT: Terri Polio, Chris Simons, and Becky Osterland have fun showing off their new stylish wardrobe.

ABOVE: Mariners are proud to give their battle cry at the Homecoming assembly.

# HOMECOMING EXCITEMENT

*Lovin' Every Minute of It*

Homecoming Court members: Teemu Kyllainen, Trent King, Lisa Fausone, Mike Kowalski, Chris Herbert, Felicia Huntley, Julie Magri, Craig Harris, Greg Recor, Jean VanSlambrouck, Amy Wallace, and Ed Parcell.

Every year high school students look forward to Homecoming. It's a week packed full of fun and excitement for all who participate. There was a vote to determine court members and many congratulations followed the results. The entire week gave students a time to dress up, act crazy, and create a lot of great memories. The Homecoming Court was crowned at the assembly on Friday. Games were played and the cheerleaders performed a skit to entertain our court members. The football game was Friday after school. The fans cheered on the Mighty Mariners to another victory. The dance on Saturday night was the final night of our 1986 Homecoming Week. Many couples danced the night away and then got together with friends afterwards. This Homecoming was the source of many good memories for all participants.

TOP: Celebrating are Tom VanSlambrouck, Trent King, and Mike Naif.  
LEFT: Dressed for the dance are Kristi Williams, Kristin Koch, and Lisa Basilica.

ABOVE: Giving a bouquet of flowers to Queen Lisa Fausone is the 1985 Homecoming Queen, Dawn Parcell.

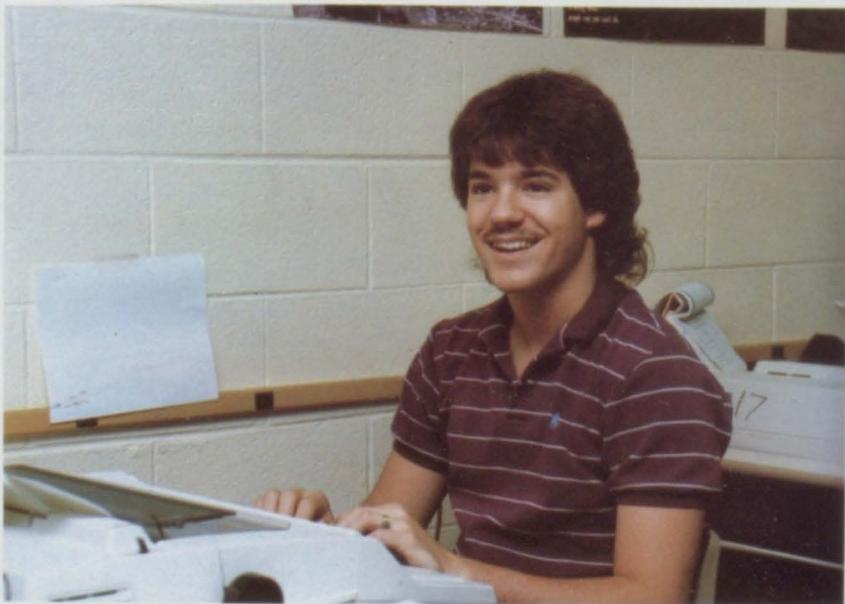

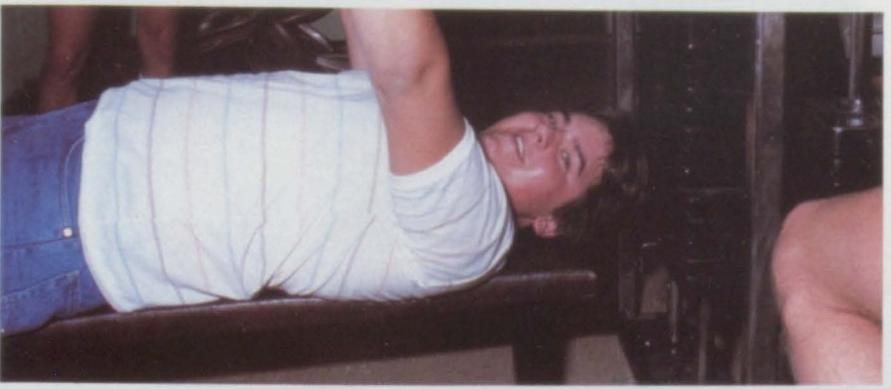

MIDDLE RIGHT: John James and Michelle Butler pose between dances.

ABOVE: Heidi Meyer, Bobbie Brooks, Diane Styk, Lisa Fausone, and Kelly McLouth strike a colorful pose.

As seniors, students are at the top of the school, knowing they'll soon be out in the real world. For this reason, one's senior year is filled with many mixed emotions. All seniors look forward to graduation and their last year in high school with the anticipation of fun and exciting times that will make many memories for them. They are also unsure of what the future holds.

For seniors at MCHS, spirit-week, toga-day, Homecoming, Florida '87, prom, "skip" day, and graduation are only a few things that make the class of 1987's last year a very special one.

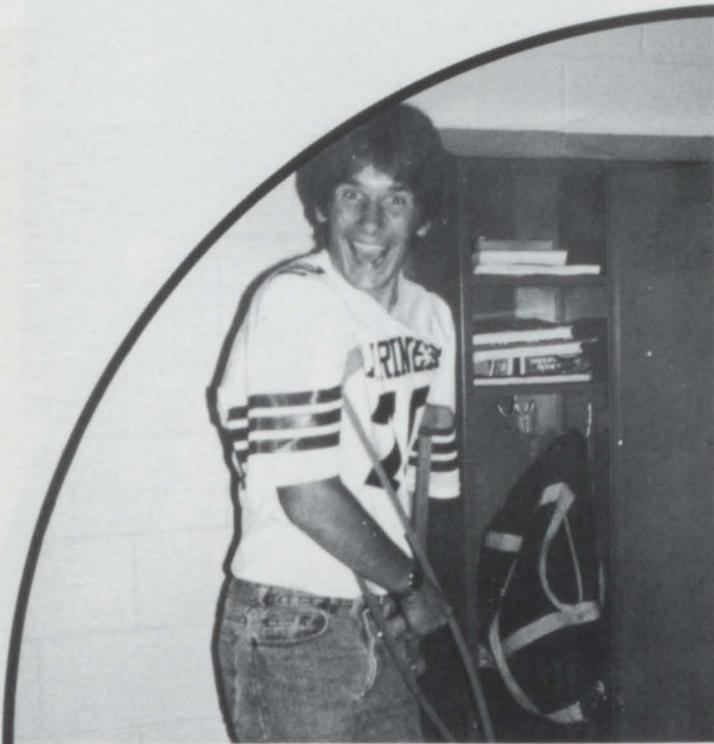

ABOVE RIGHT: Senioritis sets in as Jennifer Seczawa and Fred Winzer take "bytes" out of their computer disks. RIGHT: Dale Kuefler gladly takes time out to smile for the camera as he presses his maximum in the weight room.

# UNDERCLASSMEN SHINE

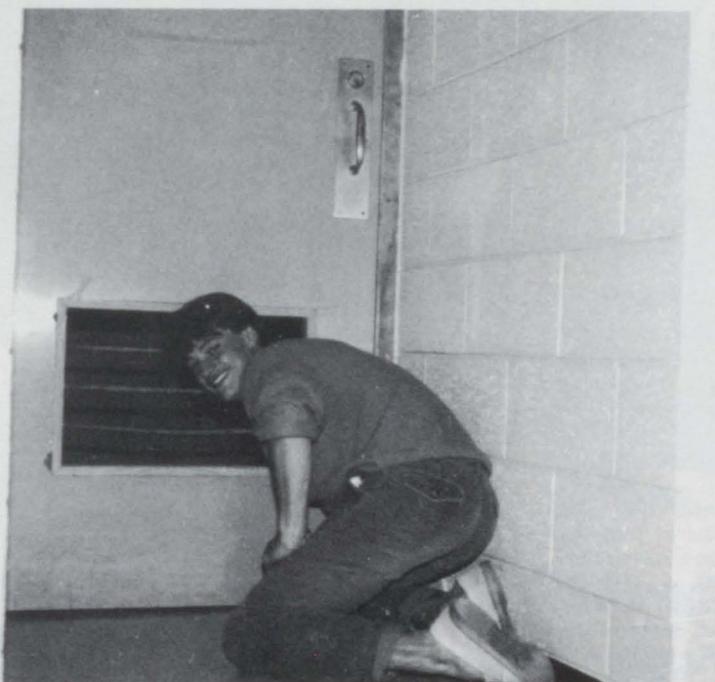

Lovin' Every Minute of It

LEFT: Juniors, such as, Nicole Grijalva, have made our Spirit Week very successful.

BELOW: Meg Jurmo was a big help painting windows during Spirit Week.

Underclassmen have been spirit builders for Marine City High School. They have brought more excitement and energy to our mighty Mariner teams and have encouraged us to do our best. They attended games, planned fund raisers, made great friends and were truly essential Mariner material. They are a very special group of people who will keep Marine City alive long after 1987.

LEFT: One of our underclassmen, Jim Vandebossche, got a little distracted by the girls lavatory.

ABOVE: Prepared for anything, the Mighty Mariner Defense stands its ground against Algonac.

ABOVE: Total concentration and effort are needed as Becky Osterland readys herself to shoot a free throw.

As everyone knows, sports play a large role in the Marine City lifestyle. Sports have excelled in past years at MCHS, and that enthusiasm carried through to the 86-87 season. Led by the mighty Mariner Football Team, 86-87 sports got off to a fantastic start.

Under the leadership of great coaches, the players gave all that they could for themselves, their team, and their school. That's what sports are all about, giving all that you can (110%) for the sport, having fun, and feeling proud of what you did.

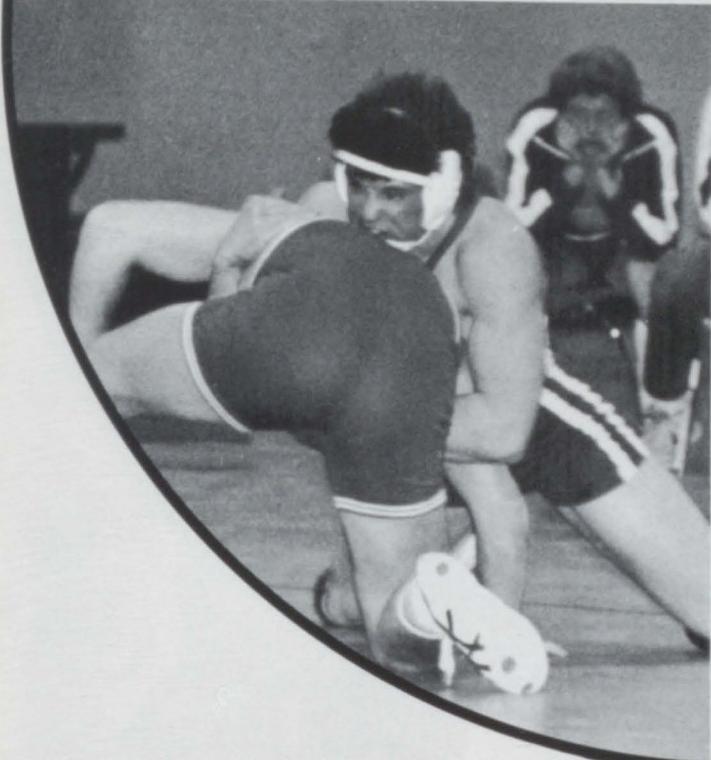

ABOVE: A jumpshot is an art which requires great technique as shown here by Joe Springborn.

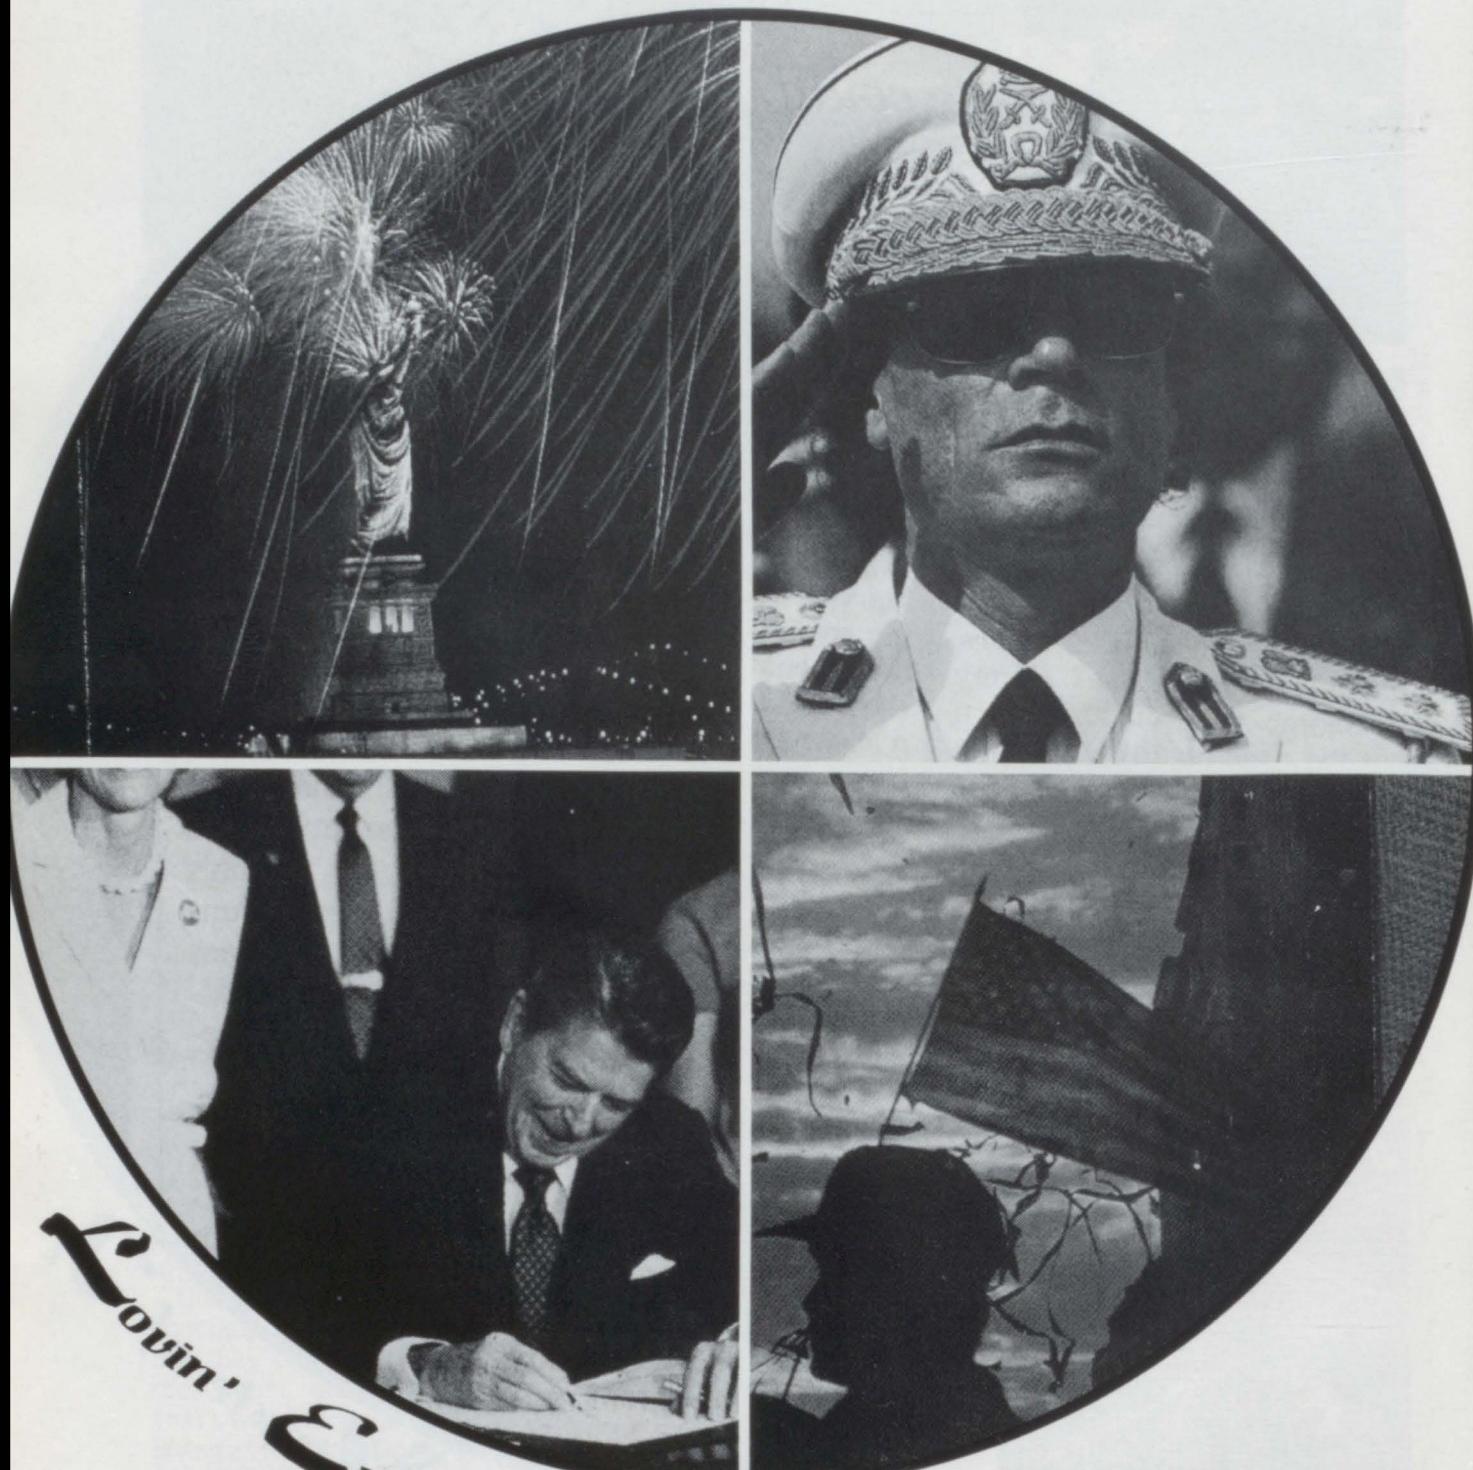

RIGHT: Basketball is a game of patience as demonstrated by Chris Simons, who is waiting for the rebound.

# DO YOU REMEMBER?

*Remembering Every Minute of It*

**BELOW:** The reconstruction of our Statue of Liberty brought many honored guests to the ceremonies such as, President Ronald Reagan and his wife.

**RIGHT:** The summit talks between Russia and the United States in Iceland brought us closer to a conclusion on how to end the arms race.

**ABOVE:** After being considered the underdog and being down a few games, the New York Mets came back to win the World Series.

**ABOVE:** President Reagan, with the help of the nation, waged a war on drugs.

**LEFT:** The United States suffered a major loss when the Space Shuttle Columbia crashed into the Atlantic Ocean killing all seven astronauts.

Many things have happened in the past year that we will remember in the years to come. From the accident of the Columbia to the president's war on drugs, our year has been filled with many exciting things. It all began with our retaliation against Libya and their terrorism campaign.

The reconstruction of our fabled Statue of Liberty brought us the greatest 4th of July our nation has ever seen. With our president using a space plan to protect our nation, the world will be a safer place to live.

A large part of any school is the individuals. No one seems to like the idea of going to school, but somehow it is thought of more fondly when one goes through it with friends. Classes, sporting events, dances, and even homework are all enriched when shared with a friend.

Individuality plays a great role at Marine City High School. Fortunately, all can come together to make up Mariner spirit and pride.

ABOVE: Sharing a joke in algebra class are senior Renee Parisi and junior Kathy Maitland.

# EDUCATORS

Correcting homework ... preparing lectures ... grading tests ... supporting the students ... coaching after school ... building confidence ... serving on committees ... going to meetings ... earning degrees ... participating in theater productions ... traveling ... collecting antiques ... enjoying hobbies ... and many other things ... The educators at Marine City High School love every minute of it as they teach us what they know.

**BELOW:** Mrs. Joyner keeps Mr. Wingate's appointments in order.

**MIDDLE:** That smile shows just how much Mr. Warkientein enjoys his job.

**ABOVE:** The health of students is the main concern of Mrs. Wiinikainen.

**RIGHT:** Always cheerful is Mrs. Westrick, one of the school's hard-working secretaries.

**FAR RIGHT:** Checking attendance is Mrs. Faucher.

# The Swing of Things

The central nervous system of Marine City High School is the office staff and the administrators. They coordinate the school programs. We are lucky to have such a dedicated office staff.

Marine City is also very lucky to have an excellent business management department. These teachers help us prepare for office related jobs when we graduate. They play an important role in our future.

TOP LEFT: Mrs. Biebuyck takes time from her typing class to pose for a picture.

TOP RIGHT: Mrs. Webb looks as cheerful as ever in accounting class.

ABOVE LEFT: Mrs. Burmann is excited about computer literacy.

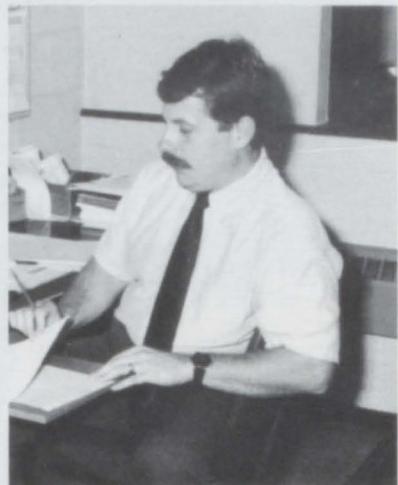

ABOVE: Busy as ever is new staff member, Mrs. Taylor.

LEFT: Helpful is a perfect word to describe Mrs. Cawrse.

# **Staff Offers Expertise**

The staff at MCHS is a very special group of people. On these pages are several teachers whose jobs are rather diversified. Each teacher is an expert in what he or she does and encourages students to press on as they strive to reach their goals. The students are keenly aware that it takes perseverance and dedication to attain success. As each teacher relates his or her talents to the students, the ultimate goal becomes a pursuit of excellence.

Under the careful guidance of seasoned counselors, students are offered a choice of classes taught by the teachers pictured on these pages. A wide variety of class offerings gives each student an opportunity to select those classes which are best suited to his or her interests.

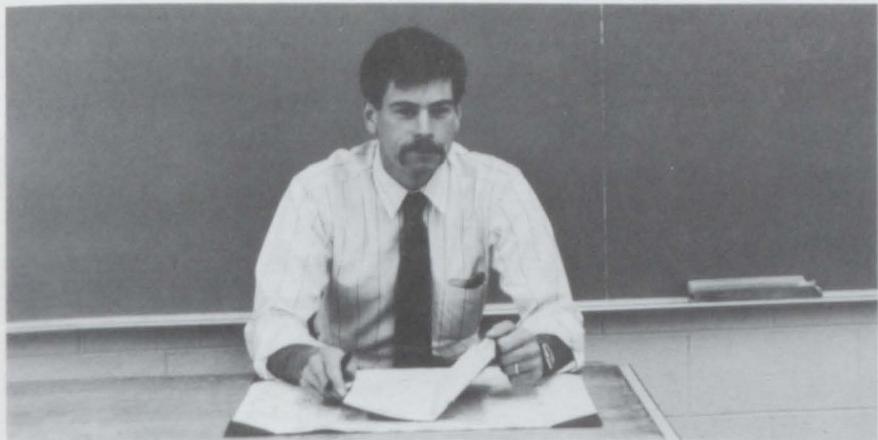

ABOVE: Always ready to advise students in future schooling is Miss Kimmet.  
ABOVE RIGHT: Busy as usual looking over ACT results is Mr. Scheel.

LEFT: Explaining the beat of the music is our new band director, Mr. Decker.

# WORKING IT OUT

Marine City has an excellent math curriculum ranging from Algebra to the more advanced Trigonometry and Calculus classes.

Students learn the meaning of terms like sines, cosines and vectors. These advanced classes give them a head start on their college studies.

We also have a very good physical education program including General P.E. which focuses mainly on participation. The more difficult weight training is directed towards the sports-minded students. The students learn different methods of weight training such as; curling, benching, and free weights which help keep them in shape.

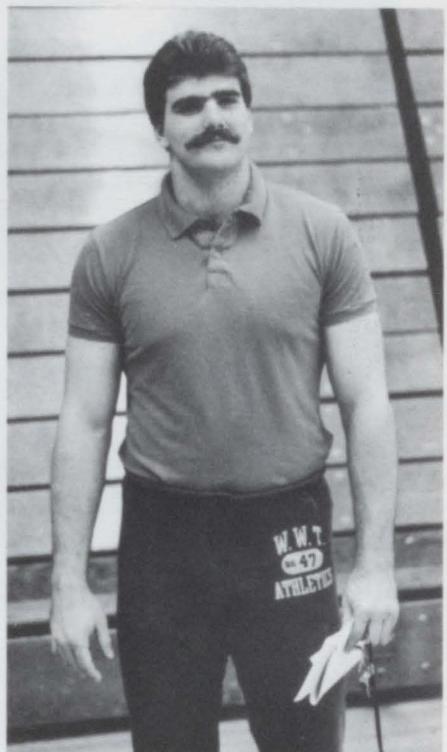

Our English curriculum includes classes of American and Western Literature as well as Novels and Short Stories. It also has reading classes for reading improvement.

**RIGHT:** Although she sports a friendly smile, Mrs. Weins is known for her tough grading policy in life science, biology, and advanced biology classes.

**BELOW RIGHT:** History comes alive as Mr. Homberg takes his students on a journey through the past.

**BELOW:** Entertaining, gravity defying demonstrations make Mr. Depa's physics, chemistry, and advanced chemistry classes interesting.

# ***Exploring New Worlds***

Discovery is the key word for students taking science classes. Students do everything from dissecting fish and studying bacteria to working with poisonous acids and solving scientific equations. To graduate, a student is required to have one science credit, but most students take more than one year of science to "broaden their horizons."

As in science, students are also required to have one credit of history and one credit of government. Government must be taken sometime during the senior year. Students generally also take a semester of psychology or sociology. These social studies courses enable students to better understand themselves, their society, and their government.

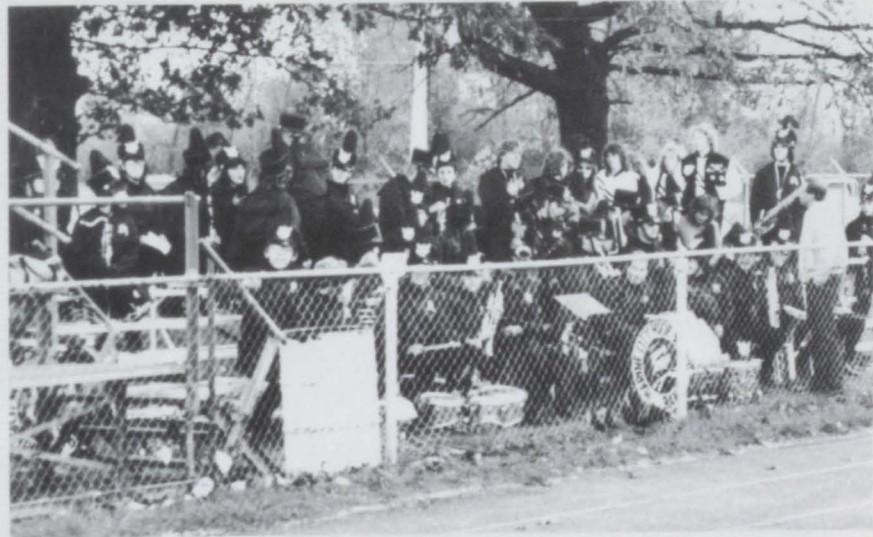

ABOVE: Mr. Carlson's easygoing manner makes it fun to learn in his life science and physical conditioning classes.

LEFT: In his psychology, government, and American history classes, Mr. Chamberlain poses many thought-provoking questions.

After the shock of being back in school had settled, the excitement of Homecoming began to build. Everyone was curious to find out who would make the court. As finalists were chosen, the tension grew. The big day finally arrived when the court was to be announced. While princes and princesses were being called down, we waited anxiously to hear who would win. It was close, but Trent King and Lisa Fausone were announced as our proud representatives. This year's Homecoming was a special time for all of us to remember.

# KEEPIN' THE BEAT

The "Marching Mariners" brought a lot of spirit to the varsity football games. Under the new direction of Mr. Paul Decker, the band was very impressive.

The Color Guard worked very hard putting together routines for all three tunes performed. They worked diligently every day under the strong leadership of Captain Rebecca Bonser.

After marching season is over, the band comes inside and begins practicing concert music. Besides concerts, they also appear at varsity basketball games and the Marine City Christmas Parade.

# FUN WITH TALENT

A big part of our music department is the choirs. Both choirs are composed of music students found in grades nine through twelve. They put in a lot of hard work preparing for events throughout the year. The preparation for these events is learning the music and choreography. With so many songs, it takes hours of practice to remember the words, tunes and movements.

Besides a Christmas Concert, these students also performed at Lakeside Mall, went to McDonald's for their first annual tree-lighting ceremony, and sang at the Honors Convocation and Graduation. Music is a great gift to share.

# SPIRIT! LET'S HEAR IT!

To raise spirit at MCHS is the main goal of the varsity cheerleaders, and they've done a good job of it this year. The girls put together assemblies, routines, skits, and spirit weeks.

At Oakland University, the girls attended Pep America Cheerleading Camp for four days during the summer. They did very well and received five outstanding ribbons, a pep stick, and a trophy for their efforts. Through this experience came new ideas and techniques which they've used to make this year a success. With the help of Mrs. Penelope Burmann, the adviser, they've accomplished a lot and had fun doing it!

Cheering their team to victory is what the junior varsity cheerleaders do best! They also play a big part in raising spirit at MCHS.

The girls went to ICF Cheerleading Camp at Oakland University during the summer and were awarded four ribbons. This was a new experience for them, but they enjoyed it and learned a lot.

During the year the J.V. cheerleaders took part in assemblies, skits, spirit weeks, and concessions. Their enthusiasm and hard work paid off in the spirit and excitement they created during the year. Their adviser was Miss Peggy Lumley.

# EAGER TO LEAD

ABOVE: The 1986-87 N.H.S. officers are; President Michael Naif, Secretary-Treasurer Sarah Bonser and Vice President Thomas VanSlambrouck.

The National Honor Society consists of juniors and seniors who have a grade point average of 3.33 or better and who also show leadership, character and service to the community. Juniors are inducted into the N.H.S. in May and must maintain their G.P.A. at 3.25 or above as seniors. This group is involved in many activities throughout the year, such as: concessions at games and events, Career Awareness Assemblies, College Night and the Spring Blood Drive. All monies earned are used for scholarship funds for active members. This group is under the advisement of Mrs. Beverly Drews.

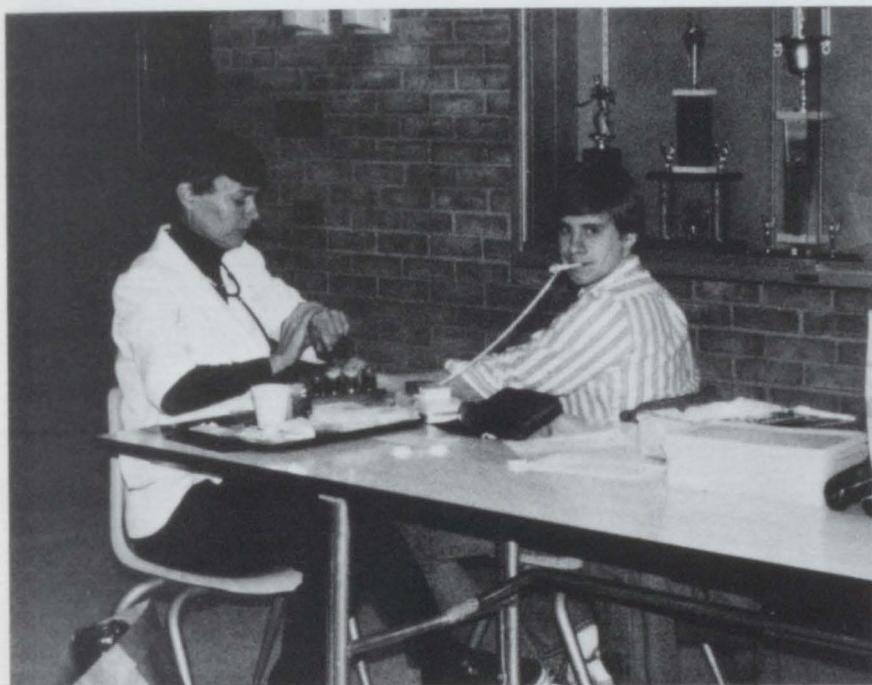

The Student Government is a very important group to both the school and community. Each year members of each class send around petitions to get their names on a ballot to be voted on by their classmates in the fall. After the members have been selected, they then vote for officers. It is this group which sponsored the Homecoming Coronation and Dance, along with a fall and spring blood drive. Over the last few years, these students have helped raise money for the Marine City Old Newsboys. Mr. Dave Scheel is the advisor for this group.

# SOMETHING EXTRA!

BOEC is the Business Office Education Club. This group of people uses the lunch hour and other spare moments to study different aspects of the business world for competition purposes.

Quiz Bowl is another group whose members get together on their own time, usually at lunch, to practice. They are quizzed on questions that are very similar to those of the very popular game, Trivial Pursuit.

# SEARCH AND LEARN

There is a first here at M.C.H.S. We now have a Photography Club. The students who participate in the club take pictures of activities that go on in school, and they are now learning how to develop the film themselves. They are always searching for ways to expand, such as selling their pictures to raise money.

The Computer Club is another exciting club that anyone who has an interest in computers can join. Computers will soon be a part of life for everyone. Computers aren't only fun, but they are also easy to learn. There are many opportunities for fun and participation in the world of computers. Games, educational activities, and even help in balancing your checking account are some of the activities.

# A HEAD START

Students at M.C.H.S. have a great opportunity to begin training for a career early. If a student wants to learn a skill he may use after graduation, then the Skill Center is the best place to perfect his trade. The Skill Center offers training for many different areas, ranging from business to building trades. You can gain good experience for future use in your best skill.

The easiest subject offered at M.C.H.S. is Teacher's Aid. In order to become a T.A. one must be a senior, responsible, and have a good grade point average. Being a T.A. means correcting tests, recording homework, taking attendance and other small jobs that can make things easier for the teacher. Many students discover that this is a truly rewarding experience. If the teaching profession is in your future, then this will give you a hint of what to expect.

# LET IT SNOW

Once again Santa Claus made his yearly stop in Marine City for the annual Christmas parade. It was a time for everyone to show love for friends and family. This is everyone's favorite time of the year. The spirit of Christmas did not stop with Santa in the parade. There are always many groups that want to help with the activities that take place. The parade included; the Snow Court, Band, Choir, and the cheerleaders, along with many other participants from the community.

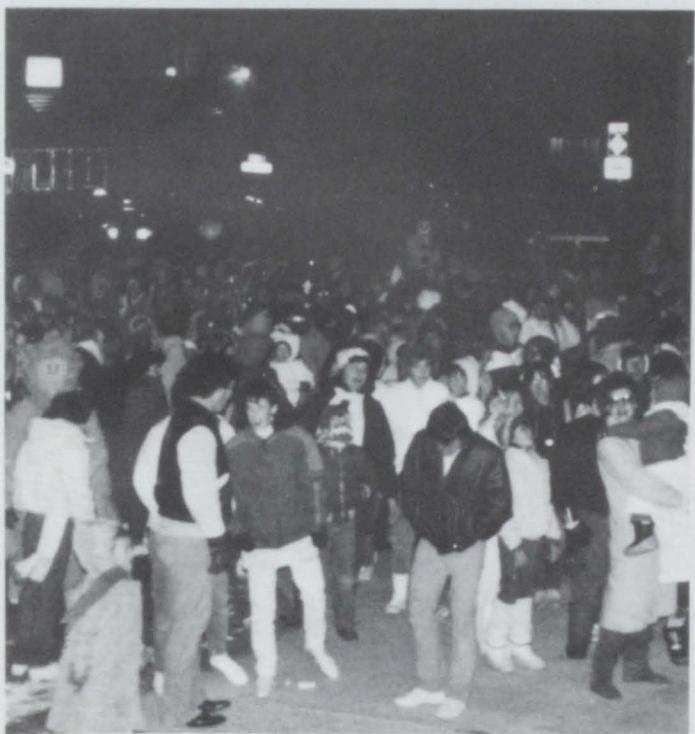

Another part of the Christmas festivities for students is the student government sponsorship of a drive for the old newsboys. We were happy to help make Christmas a happy time for everyone.

TOP LEFT: After getting caught off guard, our German foreign exchange student, Chris Kohler, flashes us his "I can do anything grin."

TOP RIGHT: The very popular exchange student, Anna Nordlander, from Sweden is not holding up the wall, she is showing us that she has Mariner Spirit. LEFT: "This is no sweat," says foreign exchange student Teemu Kyllainen from Finland. "I wish all of my classes were this easy."

We at MCHS are fortunate enough to have foreign exchange students from three different countries, Sweden, West Germany and Finland. Could you imagine what it would be like to come from another country, leaving your family and friends? But, then look at the great opportunity of making new friends in another country, and learning about a new culture. We believe it's a great privilege for us to have a chance to grow with these students and get to know them, not only as a people from another country, but also as friends.

Foreign language students may have the same chance to visit or write people in other countries. In the past, trips have been taken by language students to France, Spain and Mexico. There are many chances for students to learn and participate in cultural activities, and foreign language classes now have a language lab to make it easier for them to learn the language. The ability to learn a new language is a great opportunity for all students, now and in the future.

# TOGETHER FOREVER

Friends make time special. As life changes tremendously throughout the years, we all grow closer and closer to our friends. They are always there for us when we need them, to listen and understand when we have a problem. They are there for us when we need to laugh.

We have known some of our classmates since kindergarten, and now we won't be seeing them as often as before. Now that we are seniors, we have to savor the great memories.

Graduation day was a time to say good-bye to high school, but "Hello!!" to the future and what it has in store for us.

We will always carry our fond memories of high school; remembering springbreak, skip days, and, of course, GRADUATION DAY!!!!

June 14, 1987

What was happening the year the "Class of '87" was born?

In the 60's and the 70's our word "punk" was the "funk". Wearing a fringed vest and a bead necklace was then "funky"! Now, it is spike hair with stripes of green and purple through it, short mini-skirts, high heeled pumps, big, gaudy earrings, lacy nylons, and, of course, chains are the thing.

The main rock and roll band was the Beatles. Now the teenage world is suddenly being hit by Bon Jovi and the rappin' beat of the Beastie Boys.

On July 2, 1969 the first man ever to walk on the moon. What a year!!!!

Snoopy was the hero of the Charles Schultz's comic strip "Peanuts"

ABOVE: Bon Jovi is always rockin'!!! Quite a change for many folks from the Beatles.

# How Time Flies

ABOVE: "What do you mean it's Saturday?", asks Vida Ruggero.

The alarm goes off, but no one hears it . . . No wonder . . . It's Monday morning.

On goes the radio, the blankets are pulled up tightly, and voices can be heard in the distance. "GET UP!" It's time to get up for school again. Where did the weekend go?

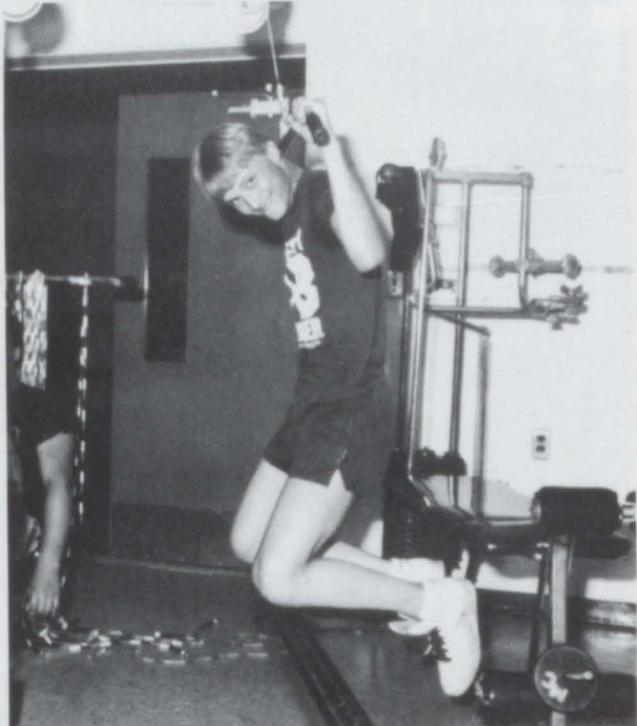

It's another week for tests, school food, homework, tardies, and facing teachers.

The week slowly begins with everyone looking forward to Friday afternoon. Students stare at the clock, and FINALLY . . . the clock reads 2:25!! The last bell rings and it's a mad dash to the parking lot to start the WEEK-END!

The weekend is a time to relax, kick back, and enjoy longer curfews.

Some students might even decide to go to a few parties. Partying and cruising are the two main activities on most of our agendas.

One bad thing about weekends is that they seem to fly by so fast. That is why every minute has to count.

# SEASONAL SPORTS

The varsity football team ended its season with a 7-2 record overall. The Mariners, who were led by their new Head Coach Tim Carlson and new Assistant Coach Tony Scarscelli, finished their 1986 season second in the league and fourth in the area. Captain Tim McConnell received the most valuable player award and had All State Honors. Ron Rhoades led the Mariners in touchdowns, and Bill Recor had the most interceptions.

The varsity volleyball team had a tough but worthwhile season. It is a young team and much is expected of them next year. The team leaders were Michelle Butler and Michelle Faucher.

There were great efforts put forth by wrestling team members; Eric Camp, Dan Davenport, and Chris Herbert. Chris represented M.C. at the regionals.

The girls' varsity basketball team had an off season this year. They finished with a rough 3-19 record. The team included eleven juniors. Coach Goulding expects much out of them next year.

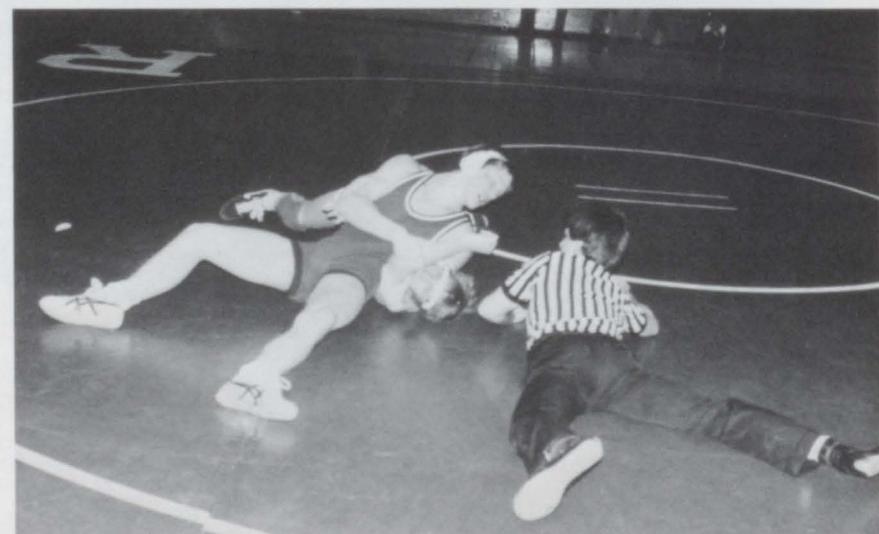

The golf team struggled through a losing season, but always managed to maintain a spirit of determination with the leadership of Coach Konya. Brian Koch was captain and MVP.

The boys' track team had a good time in 1986 but didn't have a great season. Jason Girard put a good individual effort in the high jump and Ron Rhoades exceeded in the pole vault.

The swim team had a 6-8 record for the season. The team swam to victory under two new coaches, Mike Miller and Mickey Daniels. Keri Parmentier and Peter Workman broke many records, and Mike Mercier went to the regionals for diving.

The baseball team ended the season spectacularly. The record was 25-2. Good efforts were put forth by Fred Winzer and Tim McConnell. The team took the SCAL and the district tournaments.

The varsity basketball team had a successful season with a record of 12-7 and 4-6 in the SCAL. The new coach, Daryl Walker, gave the team new confidence along with insightful plays and techniques throughout the season.

# WE BUILD EXCITEMENT

Friday afternoon; the stands; the spectators; the cheerleaders; the teams! All of the growing anticipation of the week is released in 48 minutes of pure excitement.

Both teams prepare the whole week to play with only one chance to win. The victors are

filled with joy and pride, the losers with regret and defeat.

Football, probably the most physical high school sport, also has another side to it: the injuries. Almost one third of the team had to watch from the sidelines for at least part of the season due to injuries. Included in this

list are many starters. This means the second string had to fill in and do their best. The players exhibited great teamwork and spirit, and this was evident in their record!

# FIRST AND TEN, LET'S DO IT AGAIN!

"Touchdown! and the Mariners walk off the field with another victory." That was the feeling of the Marine City J. V. Football Team as they completed a very successful season. The Mariners finished with a 4-4 record, but don't let that record fool you. They played on a tough schedule and played hard despite losses. The Mariners were very strong both offensively and defensively.

# BORN TO RUN

"Quality" is the perfect word to describe the Mariner Girls' Cross Country Team.

Cross Country, like all other sports, takes a lot of hard work and endurance. They must run long, tiring miles everyday to prepare themselves for competition.

Competition consists of running 3.2 miles at either the Marysville Park or the Pine Shores Golf Course.

This year's M.C. Cross Country Team achieved its goal of success, which proved that the team members were really ... BORN TO RUN!

# TRUE GRIT

The 1986 Girls' Varsity Basketball Team had a rough season, winning 3 out of 19 games. The record is very deceiving because there were many close games. During the long season the girls showed good sportsmanship along with a super intensity to win. The bench, as well as the starters, played a big part in the season. The team was very young, which should be an advantage next year. The 1986 Girls' Varsity Basketball Team should feel proud of its excellent show of sportsmanship and desire to win.

The Girls' Junior Varsity Basketball team is comprised of ninth and tenth grade girls. This is the level when they sharpen the skills already developed in the earlier grades. The competition of opposing teams gives them the experience to help prepare for varsity ball.

# SETTING UP FOR ACTION

The 1987 Marine City Varsity Volleyball Team had a great start this year with 2nd place at the Marine City Tournament. Team leaders, Michelle Butler and Michelle Faucher never let the spirit die. The coaching was led by Mr. Charles Weisner and assisted by Wendy Kellehan.

Leading servers for the Mariners were Michelle Faucher and Kristin Koch. The Mariners had a great serving line, and super teamwork helped unify the effort.

No one stood above the rest in spiking. Michelle Butler and Beth McCollister were this year's setters, whose job it was to position the ball so that another player could then make the crucial hit. In that way, there was more control over the ball, and points were easier to earn. Maintaining control of the ball and its direction was a challenge as the team learned to work together.

The Mariners' spirit was always up. Keep up the good work girls!!!

The J. V. level is a time for learning. Here the players acquire the basic moves and plays of the sport. The team consists of 11 players, with 6 members out on the court at a time. There is always great competition for the starters. It is not considered a contact sport, but volleyball is physically demanding. The players need to be in top condition to compete, therefore practices are very tough.

Every player tries to become well-acquainted with the finer points of the game. Each game offers the player a chance to perfect her performance and improve her skill.

# ON THE REBOUND

The 86-87 season was a rebuilding one for Mariner basketball. With many of the players having seen little playing time on last year's team, the Mariners were predicted to have a below average season.

However, a new coach, Daryl Walker, and a new game plan emphasizing defense brightened the outlook. The Mariners won 4 of their first 5 games and placed in the SCAL top ten. Players worked hard to improve their individual games as well as the team's. One of the biggest individual challenges was to become a member of Mr. Walker's "Chairmen of the Boards Club" — membership based on rebounds in a game, and initiation; a steak dinner, coach's treat. The Mariners finished the regular season with an overall record of 12 wins, 7 losses, and a league record of 4 wins, 6 losses.

**RIGHT:** Senior Tim McConnell was a strong player on both offense and defense. His consistent hustle was a key factor for the Mariners.

fense provided the winning combination. The Mariners finished the season with an overall record of 17 wins, 2 losses, and 8 wins, 2

losses in the league. The entirely sophomore team is predicted to have more winning seasons in the future.

# WRESTLERS GRAPPLE WITH TITLE

Wrestling is both a team sport and an individual sport. When a person is out on the wrestling mat, it is he versus the opponent, and nobody else can help him at that time. He has to call upon all his resources to win; speed, skill, strength, and stamina.

Enjoying a good year with 3 wins and 2 losses in the league and taking a 3rd place at a tournament, the Mariners proved to be better than expected.

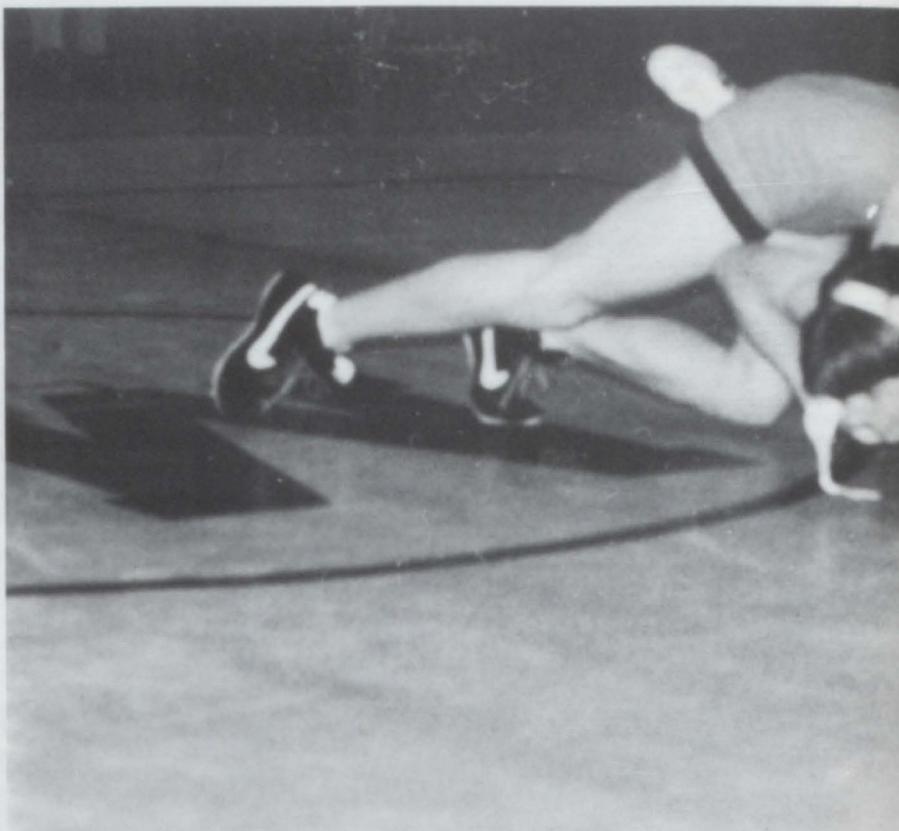

Led by seniors Eric Camp, Dennis Woityra, and John Gerow the Mariners wrestled an aggressive season. Juniors Chris Herbert, Dan Davenport, and Sol Foster also proved to be impressive and great hopes for next year.

## MAKING A SPLASH!

Swim team - easy? NO WAY! Try getting up at 6:00 a.m. to swim laps before school. Then, after a hard day at school, try swimming another 4,000 yards. That's more than a mile and a half a day! This is a new approach for the team, but the idea is working well for first-year coach, Mr. Michael Miller. The 1986-87 season record was 6 wins and 8 losses. Pool records were broken by; Peter Workman (I.M., butterfly, backstroke), Randy Westrick (freestyle), Michael Mercier (diving), Sarah Arnold (freestyle), Keri Parmentier (freestyle), Melinda Wright (butterfly), Kristen Kammeraad (backstroke), and Alycia Boyle (breast stroke). Team captains are Peter Workman and Randy Westrick. Michael Mercier qualified for Regionals in diving with a score of 202.

# THE GEMS ON THE DIAMOND

The 1986 Girls' Softball Team had a good season, winning 12 out of 23 games. This record of 12 wins and 11 losses doesn't show the winning attitude these players exhibited. Towards the end of the season, they finished strongly with victories against Algonac and Cros-Lex. This winning attitude was evident in the district playoffs. In a pre-district game they defeated Yale handily, 11-1. In the first district game, Marine City defeated Marysville, 1-0. However, in the second contest, Marine City lost to Richmond, 1-3. During the entire season, the team showed its enthusiasm, togetherness, and team spirit.

# MARINERS . . . WE NEVER MISS

The Marine City JV Softball Team, which included 10 young ladies from both the sophomore and freshmen classes, had a very exciting season last year.

These ten young ladies learned how to throw correctly, pitch, catch, and most importantly, how to bat correctly.

The team really enjoyed playing softball last year and had a great all around season both in fielding and batting.

# GO TEAMS!!!

# STRIVING TO BE THE BEST

Track takes a lot of dedication, hard work and requires a lot of sweat. As a team the boys did very well, finishing the season with three wins and five losses. This year's team was filled with a great amount of talent.

The team as a whole displayed a lot of support and dependability come rain or shine. Even though some of the boys will be leaving us this year, the upcoming sophomores will make up for the talent lost. Looking forward to next year with an optimistic point of view, the boys psych themselves up to be the best they can be.

# AGAINST THE WIND

Grey skies . . . slight drizzle . . . snow turning to slush . . . cold winds . . . these are the conditions under which the Marine City Girls' Track Team must practice in late March.

Yet these determined, strong-willed women do not let the weather keep them from striving for perfection.

For most of these women, track is a way of life. They've been at it since the 7th grade and their will to improve is great.

Track is a challenging sport. One not only tries to win for the 'team', but for self-satisfaction as well.

After a discouraging start, the team members pulled through and proved that they could overcome all odds.

As we step back and take a look at our team members, we see they were really running with the wind at their backs.

# SERVING UP THE ACTION

Throughout the past season the members of the Mariner Tennis Club organized a real team. Good performance and team spirit was the result of hard work exerted in practice. Team work is necessary because players must rely on their partner one hundred percent.

Tennis is also a test of their mental skills. They must be able to handle losing a set and have the will to come back to win a game.

That's why the role of the coach is so important. He not only has to know about the game, but he also must know the personalities of his players. When all these things come together the season is an experience to remember for all members.

# MARINERS... In the swing of things

The Marine City Golf Team was really up to par this year.

The seven team members included; freshmen, sophomores and juniors. They were all enthused and appeared to thoroughly enjoy the competition.

Early in the season they made every competitor green with envy as they made their way up to the top.

These students played with confidence and pride. It was the skill and attitude that brought them a super golf season.

Each year sophomores are faced with the dilemma of choosing their class officers. These officers are nominated, and then, voted on by their fellow classmates.

Once chosen, the class officers are kept busy throughout the year, especially during Homecoming. They must organize the decorating of the stage and the window painting of the school, which is a competition for spirit week. Class officers also set up blood drives and sponsor a Christmas dance to help the Old Newsboys.

Whoever is chosen as a class officer is important. Students want their officers to get the jobs done and to represent the class with spirit and enthusiasm. Class officers are also able to work toward changes in school rules if there is a good reason. These officers are the voice of the entire sophomore class.

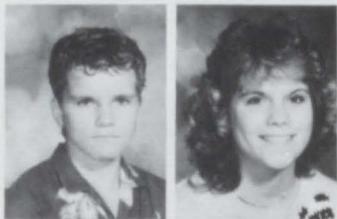

ABOVE: Sophomore prince and princess Greg Recor and Jean VanSlambrouck proudly represent their class.

SOPHOMORES YEAH!! The sophomores were raring to go before spirit week even started. The excitement began with window painting. Even though it was the first time the sophomores had painted windows, the turn out was great!! The artistry was evident as the sophomores fell into the swing of things. Creativity abounded as everyone tried to earn the points that would bring them into closer competition with the other classes.

Once the spirit days came, everyone saw a different side of the sophomore class. Just about everyone participated, hoping for a win to pull ahead of the seniors and the juniors. Many of the sophomores attended the Homecoming Dance and really enjoyed themselves.

It was a great opportunity to work together with lots of spirit and enthusiasm. The sophomore class truly felt the excitement during their first high school homecoming.

The opportunity to choose class rings created excitement and anticipation for the sophomores this year. There were important questions to ask. What color stone do I want? What style or engravings should I have on it? What size do I need? Do I want silver or gold?

After ordering the ring of their choice from the Balfour Ring Company, they were finally satisfied and walked away with smiles on their faces, knowing that this would be another Mariner memory.

Our junior class has achieved much success this past year in the high school. This success has been obtained only by the hard work and extraordinary effort put forth by all of the students.

We are a class of unending spirit and talents. Together we have added to the character of our class throughout the years. With one year left, and many more experiences to discover, we are all certain of a great senior year and a successful future.

Teachers took the count of how many students participated in each event. With all of the juniors participating in the events, it was easy to win. The activities prepared everyone for the assembly and the crowning of the king and queen.

The question, as always, was who will win the spirit jug? Guess who? The juniors!

At the end of the week the game and the dance took place and everyone had a great time.

When you're a junior you begin to realize that the end of high school is just around the corner. This definitely didn't dampen the junior spirit though. With friends, cruisin', parties and later curfews, how could it?

One of the many highlights of this year was the prom. The juniors raised money for it by selling M&M's and having the most successful rock-a-thon ever. At first the thought of rocking in a chair for 12 hours wasn't appealing, but after we brought in t.v.'s, radios, computers, and food, it was just like home. Making the best of everything is what the junior spirit is all about.

The Juniors at MCHS are built on a bond of friendship. We stick with each other to the very end. Through the times when we are feeling wild and crazy to when we are down and feel like shutting the whole world out. Friends are always there when needed, to talk things through and to help out with all kinds of problems.

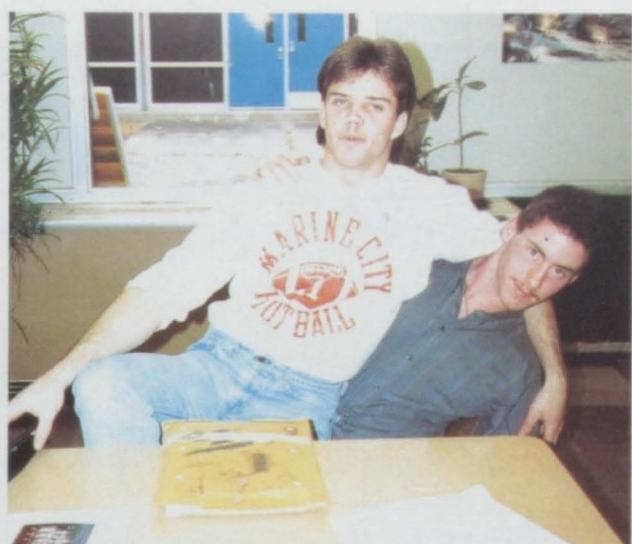

A friend is very accepting and comfortable to have around. Friends — that's our junior class.

As seniors returned to their last year at Marine City High School, one of the things they looked forward to most was Homecoming.

Homecoming week has always meant painting windows, electing the court, dressing up for punk, orange and black, and the traditional favorite of all seniors - toga and hat day.

As the week progressed, the excitement grew. The coronation, the assembly, the game, and the dance were met with great anticipation. The assembly went well. The Mighty Mariners won the game, and the dance was a success.

The class of '87 has never been known as a rowdy one, but they had a lot of fun and will remember their last Homecoming as their best.

# HELTER-SKELTER SENIORITIS STRIKES

It starts in September and builds continuously until June. It's SENIORITIS! It's that uncontrollable feeling that seniors catch and never seem to lose. It can possess one to do unthinkable acts, such as; take easy classes, slightly extend lunch hour, oversleep a lot, think up excuses for unfinished homework assignments, day-dream of Florida, and snore in class. These are just a few of the symptoms felt by seniors.

The cure? Graduation '87'!

# SENIOR OFFICERS STRIVE FOR SUCCESS

RIGHT: The Class Officers of 1987; Treasurer Debbie Buckles, President Kim Sonnenfeld, Vice President Mike Kowalski, and Secretary Kelly McLouth.

The most pressing year for class officers is the senior year, when duties and responsibilities become very demanding.

These officers are responsible for helping the year run smoothly by organizing meetings to vote for class colors, motto, song, announcements, selling class T-shirts, and most importantly, the senior class trip to Florida.

Thanks to our class advisors Mrs Burmann and Mr Cavis, and the leadership of our class officers, the year was a success.

The class of '87 chose pink and black as the class colors, "Don't Stop Believin'" as the class song, a white rose as the class flower, and "Look to this day! Yesterday is only a dream and tomorrow is only a vision, but today, well lived, makes every yesterday a dream of happiness and every tomorrow a vision of hope" as the class motto.

# FAST TIMES AT DAYTONA

*Daytona*

RIGHT: Having hallucinations of Daytona, Dennis Woityra was disappointed to find himself on the gym floor instead of the beach. BELOW: Trent King used gym class to get into the spring break Spirit.

BOTTOM: Ready and waiting for spring break are Corey May and Tim Rhodes.

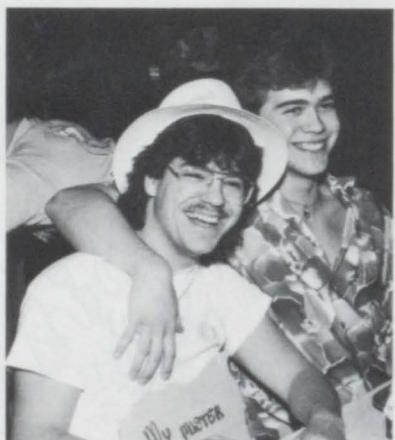

BELOW: Modeling the latest in spring break fashions is Heather Sitz.

BOTTOM: Syndi Kliemann practices her sexiest smile for meeting guys on the sunny Florida beaches!

**LOOK OUT DAYTONA  
HERE COMES  
THE CLASS OF  
1987**

After many long years of teachers, tests, and curfews, one of the main things on the minds of seniors is letting loose and going crazy in Daytona!

At the beginning of one's senior year, there are many decisions to be made. As the year goes on, the tension eases, tardies start to add up and weekdays are used to recover from the weekends. The most common cure for this is the sun and fun found only in Daytona during spring break! It's the senior's great chance to "Catch a Wave and Sit on Top of the World!"

LEFT: Practicing their surfing form for Daytona are Michelle Smith, Heidi Meyer, Lisa Reynolds, Corey May, and Brian Regan.

MIDDLE LEFT: Kelly McLouth and Bob Danneels think about all the great times they'll share in Daytona.

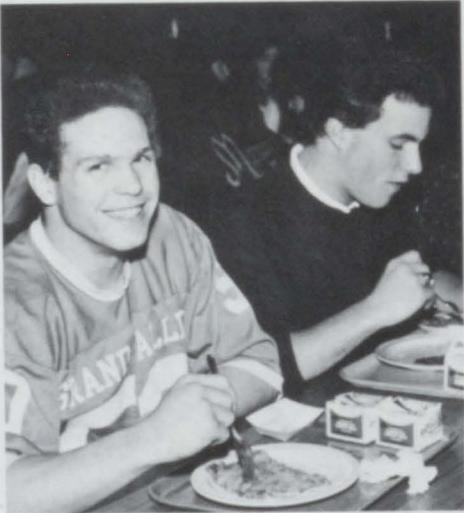

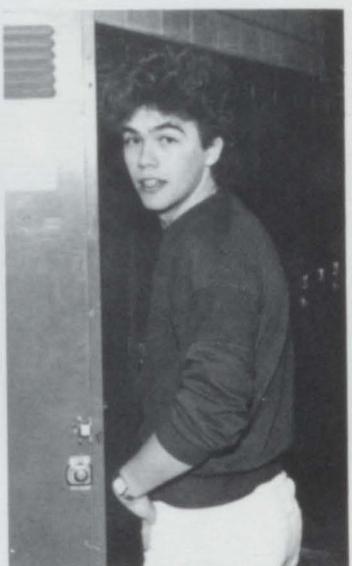

MIDDLE RIGHT: Eric Camp begs Kelly McLouth to let him sneak on the plane to sunny Florida with her!

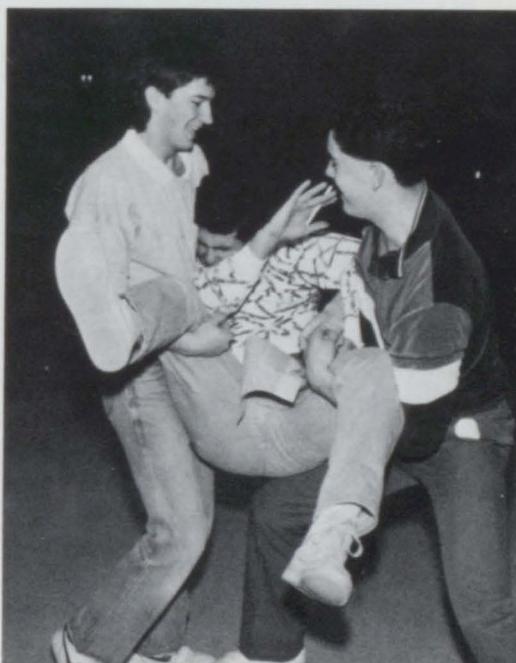

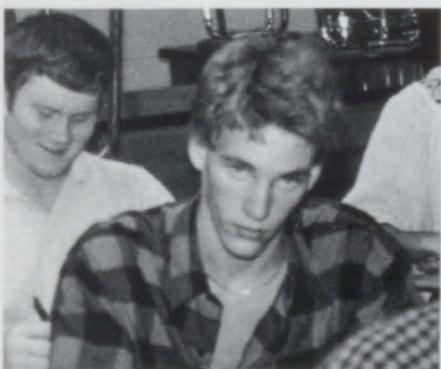

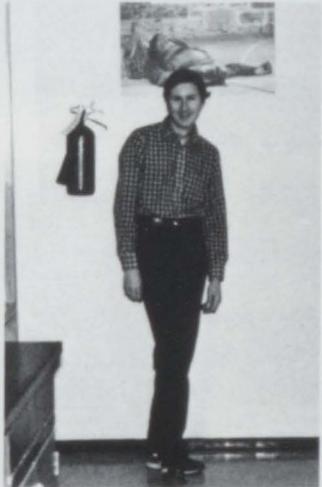

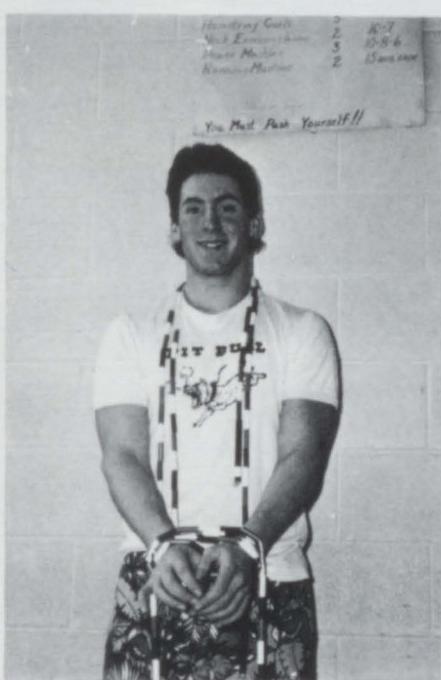

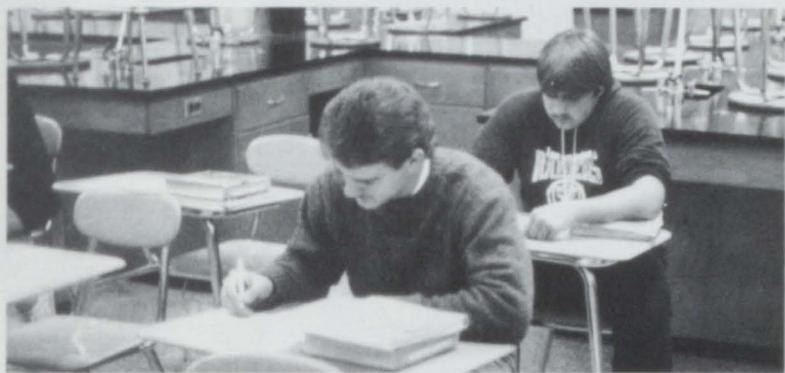

BOTTOM: Waiting for the plane to Daytona are Shirley Fields, Becky Edwards, Trent King, Mike Spencer, Vida Ruggero, Travis Brazil, Dale Berlowski, Dennis Woityra, Chris Balfour, and Mike Fur-taw.

Mrs. Jan Hermansen

The yearbook staff would like to thank Mrs. Lorraine Miller and Mr. John Marion for all their time and assistance. We would also like to thank the staff, students, and especially, Mr. Tony Cavis for his advice.

Yearbook class is a unique class because we can work independently, but we also feel the pressures of the dreaded deadlines. This year was a new experience. Using computers to store all our information was a new challenge, but we adjusted well and everything came together in the end.
